PICKS OF THE WEEK

Read of the Week

Author Carlos Ruiz Zafón brings readers back to Barcelona, 1945, where a city slowly heals in the aftermath of the Spanish Civil War, and Daniel, an antiquarian book dealer's son who mourns the loss of his mother, finds solace in a mysterious book entitled *The Shadow of the Wind*, by one Julián Carax. But when he sets out to find the author's other works, he makes a shocking discovery: someone has been systematically destroying every copy of every book Carax has written.

Movie of the Week

In *La Cité des Enfants Perdus* (*The City of Lost Children*), a scientist in a surrealist society kidnaps children to steal their dreams, hoping that they slow his aging process.

Album of the Week

(*III*) is the third studio album by Canadian electronic music duo [Crystal Castles](#), and features singles "Plague", "Wrath of God" and "Affection".

Website of the Week

"Keep on reading it, wherever you are, or whatever you do." [When In LA](#) captures LA living at its most - what the Huffington Post describes - "gif-tastic".
